SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, DC 20549**

FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(D) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended December 31, 2018

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(D) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number: 001-15317

ResMed Inc.

(Exact name of registrant as specified in its charter)

Delaware

(State or other jurisdiction of incorporation or organization)

98-0152841

(I.R.S. Employer Identification No.)

9001 Spectrum Center Blvd.

San Diego, CA 92123

United States of America

(Address of principal executive offices)

(858) 836-5000

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports) and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer

Non-accelerated filer

Emerging growth company

Accelerated filer

Smaller reporting company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Yes No

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

At January 28, 2019, there were 143,300,009 shares of Common Stock (\$0.004 par value) outstanding. This number excludes 41,836,234 shares held by the registrant as treasury shares.

RESMED INC. AND SUBSIDIARIES
Notes to the Condensed Consolidated Financial Statements
(Unaudited)

(1) Summary of Significant Accounting Policies**Organization and Basis of Presentation**

ResMed Inc. (referred to herein as “we”, “us”, “our” or the “Company”) is a Delaware corporation formed in March 1994 as a holding company for the ResMed Group. Through our subsidiaries, we design, manufacture and market equipment for the diagnosis and treatment of sleep-disordered breathing and other respiratory disorders, including obstructive sleep apnea. Our manufacturing operations are located in Australia, Singapore, Malaysia, France, China and the United States. Major distribution and sales sites are located in the United States, Germany, France, the United Kingdom, Switzerland, Australia, Japan, China, Norway and Sweden.

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (“U.S. GAAP”) for interim financial information and with the instructions to Form 10-Q and the rules of the U.S. Securities and Exchange Commission (“SEC”). Accordingly, they do not include all of the information and footnotes required by U.S. GAAP for complete financial statements. In the opinion of management, all necessary adjustments, which consisted only of normal recurring items, have been included in the accompanying financial statements to present fairly the results of the interim periods. The results of operations for the interim periods presented are not necessarily indicative of the results that may be expected for the year ending June 30, 2019.

The condensed consolidated financial statements for the three and six months ended December 31, 2018 and December 31, 2017 are unaudited and should be read in conjunction with the consolidated financial statements and notes thereto included in our Form 10-K for the year ended June 30, 2018.

Revenue Recognition

We adopted Accounting Standard Codification (“ASC”) Topic 606, “Revenue from Contracts with Customers” on July 1, 2018. We account for a contract with a customer when there is a legally enforceable contract, the rights of the parties are identified, the contract has commercial substance, and collectability of the contract consideration is probable. Our revenue relates primarily to the sale of our products that are therapy-based equipment. Some contracts include additional performance obligations such as the provision of extended warranties and data for patient monitoring. Our software as a service (“SaaS”) business offers software access with ongoing support and maintenance services as well as professional services such as training and consulting.

Disaggregation of revenue

The following table summarizes our net revenue disaggregated by product and region for the three and six months ended December 31, 2018 compared to December 31, 2017 (in millions):

	Three Months Ended December 31,		Six Months Ended December 31,

RESMED INC. AND SUBSIDIARIES
Notes to the Condensed Consolidated Financial Statements
(Unaudited)

Performance obligations and contract balances

Revenue is recognized when performance obligations under the terms of a contract with a customer are satisfied; generally this occurs with the transfer of risk and/or control of our products are provided at a point in time. For most products, we transfer control and recognize a sale when products are shipped to the customer in accordance with the contractual shipping terms. For our SaaS business, revenue associated with professional services are recognized as they are provided. We defer the recognition of a portion of the consideration received when performance obligations are not yet satisfied. Consideration received from customers in advance of revenue recognition is classified as deferred revenue. Performance obligations resulting in deferred revenue relate primarily to extended warranties on our devices, the provision of data for patient monitoring, the provision of software access with maintenance and support over an agreed term and material rights associated with future discounts upon renewal of some SaaS contracts. Generally, deferred revenue will be recognized over a period of one to five years. The following table summarizes our contract balances at December 31, 2018 and June 30, 2018 (in thousands):

	December 31, 2018	June 30, 2018	Balance sheet caption
Contract assets			
Accounts receivable, net	\$ 477,191	\$ 483,681	Accounts receivable, net
Unbilled revenue, current	13,624	13,342	Prepaid expenses and other current assets
Unbilled revenue, non-current	3,715	2,973	Prepaid taxes and other non-current assets
Contract liabilities			
Deferred revenue, current	(72,685)	(60,828)	Deferred revenue (current liabilities)
Deferred revenue, non-current	(76,773)	(71,596)	Deferred revenue (non-current liabilities)

Transaction price determination

Revenue is measured as the amount of consideration we expect to receive in exchange for transferring goods or providing services. The amount of consideration received and revenue recognized varies with changes in marketing incentives (e.g., rebates, discounts, free goods) and returns offered to customers and their customers. When we give customers the right to return eligible products and receive credit, returns are estimated based on an analysis of historical experience. However, returns of products, excluding warranty related returns, are infrequent and insignificant. We adjust the estimate of revenue at the earlier of when the most likely amount of consideration can be estimated, the amount expected to be received changes, or when the consideration becomes fixed.

We offer our customers cash or product rebates based on volume or sales targets measured over quarterly or annual periods. We estimate rebates based on each customer's expected achievement of its targets. In accounting for these rebate programs, we reduce revenue ratably as sales occur over the rebate period by the expected value of the rebates to be returned to the customer. Rebates measured over a quarterly period are updated based on actual sales results and, therefore, no estimation is required to determine the reduction to revenue. For rebates measured over annual periods, we update our estimates on a quarterly basis based on actual sales results and updated forecasts for the remaining rebate periods. We also offer discounts to customers as part of normal business practice and these are deducted from revenue when the sale occurs.

Many of our contracts have a single performance obligation which is the shipment of our therapy-based equipment. However, when the contract has multiple performance obligations, we generally use an observable price to determine the stand-alone selling price by reference to pricing and discounting practices for the specific product or service when sold separately to similar customers. Revenue is then allocated proportionately, based on the determined stand-alone selling price, to the performance obligation.

Accounting and practical expedient elections

We have elected to account for shipping and handling activities as a fulfillment cost within cost of sales, and record shipping and handling costs collected from customers in net revenue. We have also elected for all taxes assessed by government authorities that are imposed on and concurrent with revenue-producing transactions, such as sales and value added taxes, to be excluded from revenue. We have adopted two practical expedients including the "right to invoice" practical expedient, which allows us to recognize revenue in the amount of the invoice when it corresponds directly with the value of performance completed to date and which is relevant for some of our SaaS contracts. The second practical expedient adopted permits relief from considering a significant financing component when the payment for the good or service is expected to be one year or less.

RESMED INC. AND SUBSIDIARIES
Notes to the Condensed Consolidated Financial Statements
(Unaudited)

Provision for Warranty

We provide for the estimated cost of product warranties at the time the related revenue is recognized. We determine the amount of this provision by using a financial model, which takes into consideration actual historical expenses and potential risks associated with our different products. We use this financial model to calculate the future probable expenses related to warranty and the required level of the warranty provision. Although we engage in product improvement programs and processes, our warranty obligation is affected by product failure rates and costs incurred to correct those product failures. Should actual product failure rates or estimated costs to repair those product failures differ from our estimates, we would be required to revise our estimated warranty provision.

New Accounting Pronouncements**(a) Recently issued accounting standards not yet adopted**ASU No. 2016-02, “Leases”

In February 2016, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2016-02, “Leases” (Topic 842). Under the new guidance, lessees are required to recognize a right-of-use asset and a lease liability on the balance sheet for all leases, other than those that meet the definition of a short-term lease. This update will establish a lease asset and lease liability by lessees for those leases classified as operating under current GAAP. Leases will be classified as either operating or finance under the new guidance. Operating leases will result in straight-line expense in the income statement, similar to current operating leases, and finance leases will result in more expense being recognized in the earlier years of the lease term, similar to current capital leases. For lessors, the update will more closely align lease accounting to comparable guidance in the new revenue standards described.

The new standard is effective for us beginning in the first quarter of the year ending June 30, 2020 and early application is permitted. ASU 2016-02 will be adopted on a modified retrospective transition basis. There is a practical expedient available that would permit any leases that existed at the date of adoption to continue to be accounted for in accordance with the previous GAAP, ASC 840. We are still evaluating whether we will adopt this practical expedient.

We formed an implementation team during the year ended June 30, 2018 to oversee adoption of the new standard. The implementation team has established a project plan, collected copies of our lease agreements and implemented procedures to identify embedded leases. There are a number of steps in the team’s project plan that remain to be completed including: executing global education program, reviewing system outputs from lease data entry and balance calculations, evaluating the impact, and working through required changes to systems, business processes and controls to support the adoption of the new leases standard. While the formal impact assessment is ongoing, we expect this amendment will affect the way we account for operating leases where we are the lessee (as described above), require reassessment of how we account for revenue where we are the lessor and will result in increased disclosures for all lease arrangements. We are still evaluating the impact the standard will have on our financial statements.

(b) Recently adopted accounting pronouncementsASU No. 2014-09, “Revenue from Contracts with Customers”

In May 2014, the FASB issued ASU No. 2014-09, “Revenue from Contracts with Customers” (Topic 606), which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. Since its initial release, the FASB has issued several amendments to the standard, which include clarification of accounting guidance related to identification of performance obligations, intellectual property licenses, and principal vs. agent considerations. ASU 2014-09 and all subsequent amendments (collectively, the “new revenue recognition standards”) replaced most existing revenue recognition guidance in U.S. GAAP during the current quarter when it became effective. The guidance also requires improved disclosures on the nature, amount, timing, and uncertainty of revenue that is recognized.

Effective July 1, 2018, we adopted the new revenue recognition standards and applied its provisions to all contracts using the modified retrospective method. Application of the new provisions did not have a material impact on our financial statements and no cumulative-effect adjustment was calculated or recognized. The comparative information has not been restated; however, if it were there would be no change in the accounting treatment. Refer to the “Revenue Recognition” section above for further details about our revenue recognition following adoption of the new revenue recognition standards.

RESMED INC. AND SUBSIDIARIES
Notes to the Condensed Consolidated Financial Statements
(Unaudited)

ASU No. 2016-01, "Financial Instruments - Overall"

In January 2016, the FASB issued ASU No. 2016-01, "Financial Instruments - Overall" (Topic 825-10). The amendments address certain aspects of recognition, measurement, presentation, and disclosure of financial instruments, and require equity investments, other than equity-method investments, to be measured at fair value with changes in fair value recognized through net income. The amendments also simplify the impairment assessment of equity investments without readily determinable fair values by requiring a qualitative assessment for impairment quarterly at each reporting period. We adopted ASU 2016-01 during the quarter ended September 30, 2018 and elected to apply the practical expedient for measuring equity investments that do not have readily determinable fair market. Based on our elections, our strategic equity investments that do not have readily determinable fair values are measured at cost, less any impairments, plus or minus changes resulting from observable price changes in orderly transactions for identifiable or similar investments of the same issuer. The measurement alternative was applied prospectively and the adoption of ASU 2016-01 did not result in an adjustment to retained earnings.

ASU No. 2016-16, "Income Taxes: Intra-Entity Transfers of Assets Other Than Inventory"

In October 2016, the FASB issued Accounting Standard Update ASU No. 2016-16, "Income Taxes: Intra-Entity Transfers of Assets Other Than Inventory" (Topic 740). Under the new guidance, an entity is required to recognize the income tax consequences of an intra-entity transfer of an asset other than inventory when the transfer occurs and eliminates the exception for an intra-entity transfer of an asset other than inventory. ASU 2016-16 became effective during the three months ended September 30, 2018 and is required to be adopted on a modified retrospective basis, with a cumulative-effect adjustment recorded directly to retained earnings for intra-entity transfers that occur before the adoption date. Accordingly, we recognized the following reclassifications upon adoption (in thousands):

Balance Sheet Caption	As reported balance June 30, 2018	Adoption of ASU 2016-16 Increase/(Decrease)	Revised balance July 1, 2018
Assets

Property, plant and equipment, net	\$ 381,505	\$ 386,550

RESMED INC. AND SUBSIDIARIES
Notes to the Condensed Consolidated Financial Statements
(Unaudited)

(4) Goodwill

A reconciliation of changes in our goodwill by reportable segment is as follows (in thousands):

	Six Months Ended December 31, 2018		
	Sleep and Respiratory Care	SaaS	Total
Balance at the beginning of the period	\$ 464,157	\$ 604,787	\$ 1,068,944
Business acquisition	1,306	694,047	695,353
Foreign currency translation adjustments	(5,252)	-	(5,252)
Balance at the end of the period	<u>\$ 460,211</u>	<u>\$ 1,298,834</u>	<u>\$ 1,759,045</u>

(5) Other Intangible Assets

Other intangible assets were comprised of the following as of December 31, 2018 and June 30, 2018 (in thousands):

	December 31, 2018	June 30, 2018
Developed/core product technology	\$ 315,220	\$ 205,149
Accumulated amortization	(131,704)	(115,237)
Developed/core product technology, net	<u>183,516</u>	<u>89,912</u>
Trade names	72,623	48,832
Accumulated amortization	(20,397)	(16,868)
Trade names, net	<u>52,226</u>	<u>31,964</u>
Non-compete agreements	4,222	3,288
Accumulated amortization	(2,449)	(2,283)
Non-compete agreements, net	<u>1,773</u>	<u>1,005</u>
Customer relationships	280,068	118,084
Accumulated amortization	(54,192)	(48,157)
Customer relationships, net	<u>225,876</u>	<u>69,927</u>
Patents	92,089	91,708
Accumulated amortization	(70,554)	(69,332)
Patents, net	<u>21,535</u>	<u>22,376</u>
Total other intangibles, net	<u>\$ 484,926</u>	<u>\$ 215,184</u>

Intangible assets consist of developed/core product technology, trade names, non-compete agreements, customer relationships, and patents, which we amortize over the estimated useful life of the assets, generally between two and fifteen years. There are no expected residual values related to these intangible assets.

(6) Investments

Investments whereby we do not have significant influence or control over the investee are accounted for initially at cost. These investments include our holdings in privately held service and research companies that are not exchange traded and therefore not supported with observable market prices. We have determined that these investments do not have readily determinable fair values and are therefore revalued only when there are observable price changes in orderly transactions for identifiable or similar investments of the same issuer. We also estimate the fair value of our equity investments to assess whether impairment losses shall be recorded using Level 3 inputs. However, these investments are valued by reference to their net asset values that can be market supported and unobservable inputs including future cash flows. During the six months ended December 31, 2018 and 2017, we recognized \$3.0 million and \$2.3 million, respectively, of impairment losses related to our equity investments. The carrying amount of all investments at December 31, 2018 and June 30, 2018, was \$62.9 million and \$41.2 million, respectively.

Equity investments whereby we have significant influence but not control over the investee, and are not the primary beneficiary of the investee's activities, are accounted for under the equity method. Under this method, we record our share of gains or losses attributable to equity method investments. The carrying amount of these investments at December 31, 2018 and December 31, 2017 was \$21.6 million and \$0.0, respectively, and is included in the non-current balance of other assets on the condensed consolidated balance sheets.

RESMED INC. AND SUBSIDIARIES
Notes to the Condensed Consolidated Financial Statements
(Unaudited)

We have determined that the fair value of our investments exceed their carrying values. Investments are included in the non-current balance of other assets on the condensed consolidated balance sheets. The following table shows a reconciliation of the changes in all of our investments during the six months ended December 31, 2018 and December 31, 2017 (in thousands):

	Six Months Ended December 31,	
	2018	2017
Investments		
Balance at the beginning of the period	\$ 41,226	\$ 38,324
Investments	27,967	3,725
Impairment of investments	(2,959)	(2,254)
Loss attributable to equity method investments	(3,375)	-
Balance at the end of the period	<u>\$ 62,859</u>	<u>\$ 39,795</u>

(7) Income Taxes

In accordance with ASC 740 *Income Taxes*, each interim reporting period is considered integral to the annual period, and tax expense is measured using an estimated annual effective tax rate. An entity is required to record income tax expense each quarter based on its annual effective tax rate estimated for the full fiscal year and use that rate to provide for income taxes on a current year-to-date basis, adjusted for discrete taxable events that occur during the interim period.

Our income tax returns are based on calculations and assumptions subject to audit by various tax authorities. In addition, the calculation of our tax liabilities involves dealing with uncertainties in the application of complex tax laws. We regularly assess the potential outcomes of examinations by tax authorities in determining the adequacy of our provision for income taxes. Any final assessment resulting from tax audits may result in material changes to our past or future taxable income, tax payable or deferred tax assets, and may require us to pay penalties and interest that could materially adversely affect our financial results.

In connection with the audit by the Australian Taxation Office (“ATO”) for the tax years 2009 to 2013, we received Notices of Amended Assessments in March 2018. Based on these assessments, the ATO asserted that we owe \$151.7 million in additional income tax and \$38.4 million in accrued interest, of which \$75.9 million was paid in April 2018 under a payment arrangement with the ATO. In June 2018, we received a notice from the ATO claiming penalties of 50% of the additional income tax that was assessed or \$75.9 million. We do not agree with the ATO’s assessments and continue to believe we are more likely than not to be successful in defending our position. At December 31, 2018, we have recorded a receivable in prepaid taxes and other non-current assets for the amount paid as we ultimately expect this will be refunded by the ATO. We are also currently under audit by the ATO for the tax years 2014 to 2017.

On December 22, 2017, the SEC issued guidance under Staff Accounting Bulletin No. 118 (“SAB 118”), *Income Tax Accounting Implications of the Tax Cuts and Jobs Act* directing taxpayers to consider the impact of the U.S. legislation as “provisional” when it does not have the necessary information available, prepared or analyzed (including computations) in reasonable detail to complete its accounting for the change in tax law. In accordance with SAB 118, we recognized estimated income tax expense of \$138.0 million during the year ended June 30, 2018 based on our best estimate and interpretation of the U.S. legislation. During the six months ended December 31, 2018, we recorded an additional \$1.2 million of tax expense relating to the transition tax. Effective December 31, 2018, the accounting relating to the impact of U.S. legislation is no longer considered provisional. However, further adjustments could be made to this calculation as a result of future legislation, amended tax returns, or tax examinations of the years impacted by the calculation.

(8) Product Warranties

Changes in the liability for warranty costs, which is included in accrued expenses in our condensed consolidated balance sheets, for the six months ended December 31, 2018 and December 31, 2017, are as follows (in thousands):

	Six Months Ended December 31,	
	2018	2017
Balance at the beginning of the period	\$ 19,227	\$ 19,558
Warranty accruals for the period	7,832	8,375
Warranty costs incurred for the period	(7,253)	(7,493)
Foreign currency translation adjustments	(431)	423
Balance at the end of the period	<u>\$ 19,375</u>	<u>\$ 20,863</u>

RESMED INC. AND SUBSIDIARIES

(Unaudited)

(9) Debt

Debt at December 31, 2018 and June 30, 2018 consisted of the following (in thousands):

	December 31, 2018	June 30, 2018
Short-term debt	\$ 12,000	\$ 12,000
Deferred borrowing costs	(22)	(534)
Short-term debt, net	11,978	11,466
Long-term debt	\$ 1,189,404	\$ 272,000
Deferred borrowing costs	(3,904)	(2,012)
Long-term debt, net	\$ 1,185,500	\$ 269,988
Total debt	\$ 1,197,478	\$ 281,454

Credit Facility

On April 17, 2018, we entered into an amended and restated credit agreement (the “Revolving Credit Agreement”), as borrower, with lenders MUFG Union Bank, N.A., as administrative agent, joint lead arranger, joint book runner, swing line lender and letter of credit issuer, and Westpac Banking Corporation, as syndication agent, joint lead arranger and joint book runner. The Amended and Restated Credit Agreement, among other things, provided a senior unsecured revolving credit facility of \$800.0 million, with an uncommitted option to increase the revolving credit facility by an additional \$300.0 million.

Additionally, on April 17, 2018, ResMed Limited entered into a Syndicated Facility Agreement (the “Term Credit Agreement”), as borrower, with lenders MUFG Union Bank, N.A., as administrative agent, joint lead arranger and joint book runner, and Westpac Banking Corporation, as syndication agent, joint lead arranger and joint book runner. The Term Credit Agreement, among other things, provides ResMed Limited a senior unsecured term credit facility of \$200.0 million.

On November 5, 2018, we entered into a first amendment to the Revolving Credit Agreement to, among other things, increase the size of our senior unsecured revolving credit facility from \$800.0 million to \$1.6 billion, with an uncommitted option to increase the revolving credit facility by an additional \$300.0 million.

Our obligations under the Revolving Credit Agreement are guaranteed by certain of our direct and indirect U.S. subsidiaries, and ResMed Limited’s obligations under the Term Credit Agreement are guaranteed by us and certain of our direct and indirect U.S. subsidiaries. The Revolving Credit Agreement and Term Credit Agreement contain customary covenants, including, in each case, a financial covenant that requires that we maintain a maximum leverage ratio of funded debt to EBITDA (as defined in the Revolving Credit Agreement and Term Credit Agreement, as applicable). The entire principal amounts of the revolving credit facility and term credit facility, and, in each case, any accrued but unpaid interest may be declared immediately due and payable if an event of default occurs, as defined in the Revolving Credit Agreement and the Term Credit Agreement, as applicable. Events of default under the Revolving Credit Agreement and the Term Credit Agreement include, in each case, failure to make payments when due, the occurrence of a default in the performance of any covenants in the respective agreements or related documents, or certain changes of control of us, or the respective guarantors of the obligations borrowed under the Revolving Credit Agreement and Term Credit Agreement.

The Revolving Credit Agreement and Term Credit Agreement each terminate on April 17, 2023, when all unpaid principal and interest under the loans must be repaid. Amounts borrowed under the Term Credit Agreement will also amortize on a semi-annual basis, with a \$6.0 million principal payment required on each such semi-annual amortization date. The outstanding principal amounts will bear interest at a rate equal to LIBOR plus 0.75% to 1.50% (depending on the then-applicable leverage ratio) or the Base Rate (as defined in the Revolving Credit Agreement and the Term Credit Agreement, as applicable) plus 0.0% to 0.50% (depending on the then-applicable leverage ratio). At December 31, 2018, the interest rate that was being charged on the outstanding principal amounts was 3.3%. An applicable commitment fee of 0.100% to 0.175% (depending on the then-applicable leverage ratio) applies on the unused portion of the revolving credit facility. At December 31, 2018, we were in compliance with our debt covenants and there was \$1,197.5 million outstanding under the Revolving Credit Agreement and Term Credit Agreement.

RESMED INC. AND SUBSIDIARIES
Notes to the Condensed Consolidated Financial Statements
(Unaudited)

(10) Stockholders' Equity

Common Stock. Since the inception of our share repurchase programs and through December 31, 2018, we have repurchased a total of 41.8 million shares for an aggregate of \$1.6 billion. During the six months ended December 31, 2018, we repurchased 200,000 shares at an aggregate purchase price of \$22.8 million under our share repurchase program. During the three months ended December 31, 2018 we suspended our share repurchase program due to recent acquisitions. Accordingly, we did not repurchase any shares during this period. Shares that are repurchased are classified as treasury stock pending future use and reduce the number of shares outstanding used in calculating earnings per share. There is no expiration date for this program, and the program may be accelerated, suspended, reinstated, delayed or discontinued at any time at the discretion of our board of directors. At December 31, 2018, 12.9 million additional shares can be repurchased under the approved share repurchase program.

Preferred Stock. In April 1997, the board of directors designated 2.0 million shares of our \$0.01 par value preferred stock as Series A Junior Participating Preferred Stock. No shares were issued or outstanding at December 31, 2018 and June 30, 2018.

Stock Options and Restricted Stock Units. We have granted stock options and restricted stock units to personnel, including officers and directors, in accordance with the amended and restated ResMed Inc. 2009 Incentive Award Plan (as amended and restated, the "2009 Plan"). The options have expiration dates of seven years from the date of grant and the options and restricted stock units vest over one to four years.

At December 31, 2018, the maximum number of shares of our common stock authorized for issuance under the 2009 Plan was 51.1 million shares. The number of securities remaining available for future issuance under the 2009 Plan at December 31, 2018 was 16.4 million.

The following table summarizes option activity during the six months ended December 31, 2018:

	Options	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term in Years
Outstanding at beginning of period	1,205,826	\$ 60.48	4.4
Granted	289,474	101.64	
Exercised	(47,744)	46.26	
Forfeited	(183)	52.02	
Outstanding at end of period	1,447,373	\$ 69.18	4.5
Exercise price of granted options	\$ 101.64		
Options exercisable at end of period	895,846	\$ 56.92	

The following table summarizes the activity of restricted stock units during the six months ended December 31, 2018:

	Restricted Stock Units	Weighted Average Grant-Date Fair Value	Weighted Average Remaining Contractual Term in Years
Outstanding at beginning of period	1,644,754	\$ 62.90	1.6
Granted	705,538	98.42	
Vested	(886,655)	57.32	
Expired / cancelled	(22,459)	63.60	
Forfeited	(898)	63.60	
Outstanding at end of period	1,440,280	\$ 75.80	2.1

Employee Stock Purchase Plan (the "ESPP"). Under the ESPP, we offer participants the right to purchase shares of our common stock at a discount during successive offering periods. During the six months ended December 31, 2018 and December 31, 2017, we issued 129,000 and 148,000 shares to our employees associated with the ESPP, respectively. At December 31, 2018, the number of shares remaining available for future issuance under the ESPP is 2.4 million shares.

At the annual meeting of our stockholders in November 2018, our stockholders approved an amendment and restatement to the 2009 Plan to increase the number of shares of common stock that may be issued or transferred pursuant to awards under the 2009 Plan by 2.0 million shares, from 4.2 million to 6.2 million shares. The amendment also renamed the plan as "the ResMed Inc. 2018 Employee Stock Purchase Plan," and extended the term by ten years, so that the plan expires on November 15, 2028. The amendment became effective August 17, 2018, the date it was adopted by our board of directors.

RESMED INC. AND SUBSIDIARIES
Notes to the Condensed Consolidated Financial Statements
(Unaudited)

(11) Earnings Per Share

Basic earnings per share is computed by dividing the net income available to common stockholders by the weighted average number of shares of common stock outstanding. For purposes of calculating diluted earnings per share, the denominator includes both the weighted average number of shares of common stock outstanding and the number of dilutive common stock equivalents such as stock options and restricted stock units.

Stock options and restricted units of 161,036 and 126,390 for the three months ended December 31, 2018 and December 31, 2017 and stock options and restricted units of 85,521 and 159,603 for the six months ended December 31, 2018 and December 31, 2017, respectively, were not included in the computation of diluted earnings per share as the effect would have been anti-dilutive.

Basic and diluted earnings per share for the three and six months ended December 31, 2018 and December 31, 2017 are calculated as follows (in thousands except per share data):

	Three Months Ended December 31,		Six Months Ended December 31,	
	2018	2017	2018	2017
Numerator:				
Net income	\$ 124,639	\$ 9,527	\$ 230,377	\$ 95,651
Denominator:				
Basic weighted-average common shares outstanding	142,923	142,715	142,796	142,511
Effect of dilutive securities:				
Stock options and restricted stock units	1,426	1,140	1,622	1,246
Diluted weighted average shares	144,349	143,855	144,418	143,757
Basic earnings per share	\$ 0.87	\$ 0.07	\$ 1.61	\$ 0.67
Diluted earnings per share	\$ 0.86	\$ 0.07	\$ 1.60	\$ 0.67

(12) Fair Value Measurements

In determining the fair value measurements of our financial assets and liabilities, we consider the principal and most advantageous market in which we transact and consider assumptions that market participants would use when pricing the financial asset or liability. We maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The hierarchies of inputs are as follows:

- ① Level 1: Input prices quoted in an active market for identical financial assets or liabilities;
- ② Level 2: Inputs other than prices quoted in Level 1, such as prices quoted for similar financial assets and liabilities in active markets, prices for identical assets and liabilities in markets that are not active or other inputs that are observable or can be corroborated by observable market data; and
- ③ Level 3: Input prices quoted that are significant to the fair value of the financial assets or liabilities which are not observable nor supported by an active market.

The following table summarizes our financial assets and liabilities at December 31, 2018 and June 30, 2018, using the valuation input hierarchy (in thousands):

	Level 1	Level 2	Level 3	Total
Balances at December 31, 2018				
Foreign currency hedging instruments, net	\$ -	\$ (560)	\$ -	\$ (560)
Business acquisition contingent consideration	\$ -	\$ -	\$ (971)	\$ (971)
Balances at June 30, 2018				
Foreign currency hedging instruments, net	\$ -	\$ (2,699)	\$ -	\$ (2,699)
Business acquisition contingent consideration	\$ -	\$ -	\$ (1,505)	\$ (1,505)

We determine the fair value of our financial assets and liabilities as follows:

Foreign currency hedging instruments – These financial instruments are valued using third-party valuation models based on market observable inputs, including interest rate curves, on-market spot currency prices, volatilities and credit risk.

Contingent consideration – These liabilities include the fair value estimates of additional future payments that may be required for some of our previous business acquisitions based on the achievement of certain performance milestones. Each potential future payment is valued using the estimated probability of achieving each milestone, which is then discounted to present value.

RESMED INC. AND SUBSIDIARIES
Notes to the Condensed Consolidated Financial Statements
(Unaudited)

The following is a reconciliation of changes in the fair value of contingent consideration for the six months ended December 31, 2018 and December 31, 2017 (in thousands):

	Six Months Ended December 31,	
	2018	2017
Balance at the beginning of the period	\$ (1,505)	\$ (1,580)
Acquisition date fair value of contingent consideration	(168)	-
Changes in fair value included in operating income	272	-
Payments	430	-
Balance at the end of the period	<u>\$ (971)</u>	<u>\$ (1,580)</u>

We did not have any significant non-financial assets or liabilities measured at fair value on December 31, 2018 or June 30, 2018, except for our equity investments described at note 6 – Investments which are in non-controlled corporations without readily determinable market values. Following the adoption of ASU 2016-01 “Financial Instruments – Overall” on July 1, 2018, we have elected to initially measure these investments at cost minus impairment, if any, plus or minus changes resulting from observable price changes. The fair value is determined by using quoted prices for identical or similar investments of the same issuer, which are Level 2 inputs. This does not include our equity method investments which are not recorded at fair value.

(13) Legal Actions and Contingencies

Litigation

In the normal course of business, we are subject to routine litigation incidental to our business. While the results of this litigation cannot be predicted with certainty, we believe that their final outcome will not, individually or in aggregate, have a material adverse effect on our consolidated financial statements taken as a whole.

Taxation Matters

As described in note 7 – Income Taxes, we received Notices of Amended Assessments from the ATO for the tax years 2009 to 2013. Based on these assessments, the ATO asserted that we owe \$151.7 million in additional income tax and \$38.4 million in accrued interest, of which \$75.9 million was paid in April 2018 under a payment arrangement with the ATO. In June 2018, we received a notice from the ATO claiming penalties of 50% of the additional income tax that was assessed, or \$75.9 million. We do not agree with the ATO’s assessments and we continue to believe we are more likely than not to be successful in defending our position. However, if we are not successful, we will not receive a refund of the \$75.9 million paid in April 2018 and we would be required to pay the remaining \$75.9 million in additional income tax, \$38.4 million in accrued interest and \$75.9 million in penalties, which would be recorded as income tax expense. We are also currently under audit by the ATO for the tax years 2014 to 2017.

In connection with the recent U.S. Tax Act and the analysis of historical tax filings, we identified an administrative oversight in our prior year tax filing relating to a gain on an internal legal entity reorganization. We have applied for relief from the U.S. Internal Revenue Service (“IRS”) and have amended the related tax returns required to correct the administrative oversight, which would indefinitely defer the recognition of this gain. We believe it is more likely than not that we will be granted this relief and therefore, have not recorded a reserve in relation to this matter during the six months ended December 31, 2018. As of December 31, 2018, we were awaiting communication from the IRS regarding the amended tax returns.

Contingent Obligations Under Recourse Provisions

We use independent financing institutions to offer some of our customers financing for the purchase of some of our products. Under these arrangements, if the customer qualifies under the financing institutions’ credit criteria and finances the transaction, the customers repay the financing institution on a fixed payment plan. For some of these arrangements, the customer’s receivable balance is with recourse, either limited or full, whereby we are responsible for repaying the financing company should the customer default. We record a contingent provision, which is estimated based on historical default rates. This is applied to receivables sold with recourse and is recorded in accrued expenses.

RESMED INC. AND SUBSIDIARIES
Notes to the Condensed Consolidated Financial Statements
(Unaudited)

The following table summarizes the amount of receivables sold with recourse during the six months ended December 31, 2018 and December 31, 2017 (in thousands):

	Six Months Ended December 31,	
	2018	2017
Total receivables sold:		
Full recourse	\$ 18,993	\$ 9,882
Limited recourse	41,329	35,960
Total	\$ 60,322	\$ 45,842

The following table summarizes the maximum exposure on outstanding receivables sold with recourse and provision for doubtful accounts at December 31, 2018 and June 30, 2018 (in thousands):

	December 31, 2018	June 30, 2018
	Maximum exposure on outstanding receivables:	
Full recourse	\$ 22,930	\$ 20,139
Limited recourse	11,550	9,239
Total	\$ 34,480	\$ 29,378
Contingent provision for receivables with recourse	\$ (1,575)	\$ (2,277)

(14) Business Combinations

MatrixCare

On November 13, 2018, we completed the acquisition of 100% of the shares in MatrixCare Inc. and its subsidiaries (“MatrixCare”), a provider of software solutions for skilled nursing, life plan communities, senior living and private duty, for base purchase consideration paid of \$750.0 million. This acquisition has been accounted for as a business combination using purchase accounting and included in our consolidated financial statements from November 13, 2018. The acquisition was paid for using our revolving credit facility.

We have not finalized the purchase price allocation in relation to this acquisition as certain appraisals associated with the valuation of intangible assets and income tax positions are not yet complete. We do not believe that the completion of this work will materially modify the preliminary purchase price allocation. We expect to complete our purchase price allocation during the quarter ending June 30, 2019. The cost of the acquisition was allocated to the assets acquired and liabilities assumed based on estimates of their fair values at the date of acquisition. The goodwill recognized as part of the acquisition is reflected in the Software as a Service segment and is not deductible for tax purposes. It mainly represents the synergies that are unique to our combined businesses and the potential for new products and services to be developed in the future.

The preliminary fair values of assets acquired and liabilities assumed, and the estimated useful lives of intangible assets acquired are as follows (in thousands):

	Preliminary	Intangible assets - useful life
Current assets	\$ 51,556	
Property, plant and equipment	4,401	
Trade names	18,000	7 years
Developed technology	82,000	7 years
Customer relationships	145,000	15 years
Goodwill	564,519	
Assets acquired	\$ 865,476	
Current liabilities	(13,991)	
Deferred revenue	(16,646)	
Deferred tax liabilities	(70,102)	
Debt assumed	(151,665)

Net consideration	\$ 613,072

RESMED INC. AND SUBSIDIARIES
Notes to the Condensed Consolidated Financial Statements
(Unaudited)

Approximately \$15.4 million of revenue and \$1.0 million of loss from operations of MatrixCare were included in the unaudited condensed consolidated statement of comprehensive income for the three and six months ended December 31, 2018. The loss from operations was negatively impacted by \$3.0 million of amortization of acquired intangibles assets and fair value purchase price adjustment of \$2.0 million to deferred revenue. Excluding the impact of these items, revenue was \$17.4 million and income from operations was \$4.0 million.

The acquisition is considered a material business combination and accordingly unaudited pro forma information presented below for the three and six months ended December 31, 2018 and December 31, 2017, include the effects of pro forma adjustments as if the acquisition of MatrixCare occurred on July 1, 2017. The pro forma results were prepared using the acquisition method of accounting and combine our historical results and MatrixCare's for the three and six months ended December 31, 2018 and 2017, including the effects of the business combination, primarily amortization expense related to the fair value of identifiable intangible assets acquired, interest expense associated with the financing obtained by us in connection with the acquisition, and the elimination of incurred acquisition-related costs.

The pro forma financial information presented below is not necessarily indicative of the results of operations that would have been achieved if the acquisition occurred at the beginning of the earliest period presented, nor is it intended to be a projection of future results.

Unaudited Proforma Consolidated Results (In thousands, except per share information)	Three Months Ended December 31,		Six Months Ended December 31,	
	2018	2017	2018	2017
Revenue	\$ 667,752	\$ 631,059	\$ 1,284,868	\$ 1,182,752
Net income	\$ 127,478	\$ 5,774	\$ 228,888	\$ 85,862
Basic earnings per share	\$ 0.89	\$ 0.04	\$ 1.60	\$ 0.60
Diluted earnings per share	\$ 0.88	\$ 0.04	\$ 1.58	\$ 0.60

The unaudited pro forma consolidated results for the three and six months ended December 31, 2018 and December 31, 2017 reflect primarily the following pro forma pre-tax adjustments:

- Net amortization expense related to the fair value of identifiable intangible assets acquired of \$1.7 million and \$3.6 million for the three months ended December 31, 2018 and 2017, respectively, and \$1.3 million and \$7.5 million for the six months ended December 31, 2018 and 2017, respectively.
- Net interest expense associated with debt that was issued to finance the acquisition of \$0.5 million and \$3.2 million for the three months ended December 31, 2018 and 2017, respectively, and \$2.6 million and \$6.6 million for the six months ended December 31, 2018 and 2017, respectively.
- Elimination of pre-tax acquisition-related costs incurred by ResMed and MatrixCare of \$3.7 million and \$16.7 million, respectively, for the three and six months ended December 31, 2018.
- Net income tax expense of \$0.0 million and \$9.8 million for the three months ended December 31, 2018 and 2017, respectively, and \$1.4 million and \$7.4 million for the six months ended December 31, 2018 and 2017, respectively.

Other acquisitions

During the six months ended December 31, 2018 we have completed the following acquisitions:

- On July 6, 2018, we completed the acquisition of 100% of the shares in Healthcarefirst Holding Company ("HealthcareFirst"), a provider of software solutions and services for home health and hospice agencies, for a total purchase consideration of \$126.3 million.
- On October 15, 2018, we completed the acquisition of 100% of the shares in HB Healthcare, a homecare provider in South Korea.
- On December 11, 2018, we completed the acquisition of assets in Interactive Health Network, a provider of integrated clinical and financial management software solution for long-term care companies.
- On December 13, 2018, we completed the acquisition of assets in Apacheta, a provider of cloud-based SaaS software that manages the medical equipment delivery process for home medical equipment dealers.

These acquisitions have been accounted for as business combinations using purchase accounting and are included in our consolidated financial statements from the acquisition dates. These acquisitions, individually and collectively, are not considered a material business combination and accordingly pro forma information is not provided. The acquisitions were funded by drawing on our existing credit facility and through cash on-hand.

We have not completed the purchase price allocation in relation to these acquisitions and expect to complete this during the quarter ending June 30, 2019. We do not believe that the completion of this work will materially modify the preliminary purchase price allocation for these acquisitions. The cost of the share acquisitions was allocated to the assets acquired and liabilities assumed based on estimates of their fair values at the date of acquisition. The goodwill recognized as part of these acquisitions, which is predominantly not deductible for tax purposes, mainly represents the synergies that are unique to our combined businesses and the potential for new products and services to be

RESMED INC. AND SUBSIDIARIES
Notes to the Condensed Consolidated Financial Statements
(Unaudited)

developed in the future. Goodwill from these acquisitions has been reflected in the Software as a Service segment except for the goodwill resulting from the HB Healthcare acquisition, which has been recorded in the Sleep and Respiratory Care segment.

The fair values of assets acquired and liabilities assumed, and the estimated useful lives of intangible assets acquired are as follows (in thousands):

	Preliminary	Intangible assets - useful life
Current assets	\$ 5,127	
Property, plant and equipment	1,877	
Trade names	5,838	10 years
Non-compete	1,000	3 years
Developed technology	29,600	5 to 6 years
Customer relationships	18,052	5 to 15 years
Goodwill	130,834	
Assets acquired	\$ 192,328	
Current liabilities	(3,492)	
Deferred revenue	(2,239)	
Deferred tax liabilities	(8,882)	
Debt assumed	(31,538)	
Total liabilities assumed	\$ (46,151)	
Net assets acquired	\$ 146,177	

During the six months ended December 31, 2018, we recorded \$6.1 million in acquisition related expenses and did not have material acquisition related expenses during the six months ended December 31, 2017.

(15) Segment Information

We have determined that we have two operating segments, which are the sleep and respiratory disorders sector of the medical device industry (“Sleep and Respiratory Care”) and the supply of business management software-as-a-service to out-of-hospital health providers (“SaaS”). However, we have previously determined the SaaS segment as not material to our global operations in terms of revenue and profit, and therefore this has not been separately reported as a segment. Following our recent acquisitions, we have quantitatively and qualitatively reassessed our segment reporting and determined the SaaS segment is material to the group.

We evaluate the performance of our segments based on net sales and income from operations. The accounting policies of the segments are the same as those described in note 1 of our consolidated financial statements included in our Form 10-K for the year ended June 30, 2018, except for revenue recognition, which is described in note - 1 Summary of Significant Accounting Policies. Segment net sales and segment income from operations do not include inter-segment profits.

Certain items are maintained at the corporate level and are not allocated to the segments. The non-allocated items include corporate headquarters costs, stock-based compensation, amortization expense from acquired intangibles, acquisition related expenses, interest income, interest expense and other, net. We neither discretely allocate assets to our operating segments, nor does our Chief Operating Decision Maker evaluate the operating segments using discrete asset information.

* The deferred revenue fair value adjustment is a purchase price accounting adjustment related to MatrixCare which was acquired on November 13, 2018.

(16) Subsequent Event

On January 7, 2019 we completed the acquisition of 100% of the shares in Propeller Health, a digital therapeutics company providing connected health solutions for people living with chronic obstructive pulmonary disease and asthma for a total purchase consideration of \$225.0 million.

RESMED INC. AND SUBSIDIARIES**Management’s Discussion and Analysis of Financial Condition and Results of Operations****Special Note Regarding Forward-Looking Statements**

This report contains or may contain certain forward-looking statements and information that are based on the beliefs of our management as well as estimates and assumptions made by, and information currently available to, our management. All statements other than statements regarding historical facts are forward-looking statements. The words “believe,” “expect,” “intend,” “anticipate,” “will continue,” “will,” “estimate,” “plan,” “future” and other similar expressions, and negative statements of such expressions, generally identify forward-looking statements, including, in particular, statements regarding projections of future revenue or earnings, expenses, new product development, new product launches, new markets for our products, litigation, and tax outlook. These forward-looking statements are made in accordance with the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. You are cautioned not to place undue reliance on these forward-looking statements. Forward-looking statements reflect the views of our management at the time the statements are made and are subject to a number of risks, uncertainties, estimates and assumptions, including, without limitation, and in addition to those identified in the text surrounding such statements, those identified in our annual report on Form 10-K for the fiscal year ended June 30, 2018 and elsewhere in this report.

In addition, important factors to consider in evaluating such forward-looking statements include changes or developments in healthcare reform, social, economic, market, legal or regulatory circumstances, changes in our business or growth strategy or an inability to execute our strategy due to changes in our industry or the economy generally, the emergence of new or growing competitors, the actions or omissions of third parties, including suppliers, customers, competitors and governmental authorities and various other factors. If any one or more of these risks or uncertainties materialize, or underlying estimates or assumptions prove incorrect, actual results may vary significantly from those expressed in our forward-looking statements, and there can be no assurance that the forward-looking statements contained in this report will in fact occur.

Before deciding to purchase, hold or sell our common stock, you should carefully consider the risks described in our annual report on Form 10-K for the fiscal year ended June 30, 2018, in addition to the other cautionary statements and risks described elsewhere in this report and in our other filings with the Securities and Exchange Commission (“SEC”), including our subsequent reports on Forms 10-Q and 8-K. These risks and uncertainties are not the only ones we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business. If any of these known or unknown risks or uncertainties actually occurs with material adverse effects on us, our business, financial condition and results of operations could be seriously harmed. In that event, the market price for our common stock will likely decline and you may lose all or part of your investment.

RESMED INC. AND SUBSIDIARIES**Management’s Discussion and Analysis of Financial Condition and Results of Operations****Overview**

The following is an overview of our results of operations for the three and six months ended December 31, 2018. Management’s discussion and analysis of financial condition and results of operations is intended to help the reader understand the results of operations and financial condition of ResMed Inc. Management’s discussion and analysis is provided as a supplement to, and should be read in conjunction with, the condensed consolidated financial statements and notes included in this report.

We are a global leader in the development, manufacturing, distribution and marketing of medical devices and cloud-based software applications that diagnose, treat and manage respiratory disorders, including sleep disordered breathing (“SDB”), chronic obstructive pulmonary disease, neuromuscular disease and other chronic diseases. SDB includes obstructive sleep apnea and other respiratory disorders that occur during sleep. Our products and solutions are designed to improve patient quality of life, reduce the impact of chronic disease and lower healthcare costs as global healthcare systems continue to drive a shift in care from hospitals to the home and lower cost settings. Our cloud-based software digital health applications, along with our devices are designed to provide connected care to improve patient outcomes and efficiencies for our customers.

Since the development of continuous positive airway pressure therapy, we have expanded our business by developing or acquiring a number of products and solutions for a broader range of respiratory disorders including technologies to be applied in medical and consumer products, ventilation devices, diagnostic products, mask systems for use in the hospital and home, headgear and other accessories, dental devices, portable oxygen concentrators and cloud-based software informatics solutions to manage patient outcomes and customer and provider business processes. Our growth has been fueled by geographic expansion, our research and product development efforts, acquisitions and an increasing awareness of SDB and respiratory conditions like chronic obstructive pulmonary disease as significant health concerns. During the three months ended December 31, 2018, we invested \$43.1 million on research and development activities with a continued focus on the development and commercialization of new, innovative products and solutions that improve patient outcomes, create efficiencies for our customers and help physicians and providers better manage chronic disease and lower healthcare costs.

We have determined that we have two operating segments, which are the sleep and respiratory disorders sector of the medical device industry (“Sleep and Respiratory Care”) and the supply of business management software-as-a-service to out-of-hospital health providers (“SaaS”).

During the three months ended December 31, 2018, our net revenue increased by 8% compared to the three months ended December 31, 2017. Gross margin was 58.9% for the three months ended December 31, 2018 compared to 58.2% for the three months ended December 31, 2017. Diluted earnings per share for the three months ended December 31, 2018 was \$0.86 per share, compared to \$0.07 per share for the three months ended December 31, 2017.

At December 31, 2018, our cash and cash equivalents totaled \$149.5 million, our total assets were \$3.9 billion and our stockholders’ equity was \$2.0 billion.

In order to provide a framework for assessing how our underlying businesses performed excluding the effect of foreign currency fluctuations, we provide certain financial information on a “constant currency basis”, which is in addition to the actual financial information presented. In order to calculate our constant currency information, we translate the current period financial information using the foreign currency exchange rates that were in effect during the previous comparable period. However, constant currency measures should not be considered in isolation or as an alternative to U.S. dollar measures that reflect current period exchange rates, or to other financial measures calculated and presented in accordance with U.S. GAAP.

RESMED INC. AND SUBSIDIARIES

Management's Discussion and Analysis of Financial Condition and Results of Operations

Net Revenue for the Three Months Ended December 31, 2018

Net revenue for the three months ended December 31, 2018 increased to \$651.1 million from \$601.3 million for the three months ended December 31, 2017, an increase of \$49.8 million or 8% (a 9% increase on a constant currency basis). The following table summarizes our net revenue disaggregated by segment, product and region for the three months ended December 31, 2018 compared to December 31, 2017 (in millions):

	Three Months Ended December 31,			
	2018	2017	% Change	Constant Currency*
U.S., Canada and Latin America				
Devices	\$ 186.5	\$ 173.7	7 %	
Masks and other	172.0	155.5	11	
Total Sleep and Respiratory Care	\$ 358.5	\$ 329.2	9	
Software as a Service	63.2	38.7	63	
Total	\$ 421.7	\$ 367.9	15	
Combined Europe, Asia and other markets				
Devices	\$ 156.2	\$ 163.3	(4)%	(2)%
Masks and other	73.2	70.1	4	8
Total Sleep and Respiratory Care	\$ 229.4	\$ 233.4	(2)	1
Global revenue				
Devices	\$ 342.7	\$ 337.0	2 %	3 %
Masks and other	245.2	225.6	9	10
Total Sleep and Respiratory Care	\$ 587.9	\$ 562.6	4	6
Software as a Service	63.2	38.7	63	63
Total	\$ 651.1	\$ 601.3	8	9

* Constant currency numbers exclude the impact of movements in international currencies.

Sleep and Respiratory Care

Net revenue for the three months ended December 31, 2018 was \$587.9 million, an increase of 4% over the prior year quarter. Movements in international currencies against the U.S. dollar negatively impacted net revenues by approximately \$7.1 million for the three months ended December 31, 2018. Excluding the impact of currency movements, total Sleep and Respiratory Care revenue for the three months ended December 31, 2018 increased by 6% compared to the three months ended December 31, 2017.

Net revenue in U.S., Canada and Latin America for the three months ended December 31, 2018 increased to \$358.5 million from \$329.2 million for the three months ended December 31, 2017, an increase of \$29.3 million or 9%. The increase is primarily due to an increase in unit sales of our devices, masks and accessories, partially offset by a decline in average selling prices.

Net revenue in combined Europe, Asia and other markets decreased for the three months ended December 31, 2018 to \$229.4 million from \$233.4 million for the three months ended December 31, 2017, a decrease of \$4.0 million or 2% (a 1% increase on a constant currency basis). The constant currency increase in sales in combined Europe, Asia and other markets predominantly reflects an increase in unit sales of our masks and accessories, partially offset by a decline in unit sales of devices and average selling prices. The decrease in devices in combined Europe, Asia and other markets for the three months ended December 31, 2018 reflects the completion of connected device upgrade programs in France and Japan.

Software as a Service

Revenue from our software as a service business for the three months ended December 31, 2018 was \$63.2 million, an increase of 63% over the prior year. The increase was predominantly due to our recent acquisitions of MatrixCare and HealthcareFirst, which were acquired on November 13, 2018 and July 6, 2018, respectively, and contributed \$22.4 million for the three months ended December 31, 2018.

RESMED INC. AND SUBSIDIARIES

Management's Discussion and Analysis of Financial Condition and Results of Operations

Net Revenue for Six Months Ended December 31, 2018

Net revenue for the six months ended December 31, 2018, was \$1,239.4 million from \$1,124.9 million for the six months ended December 31, 2017, an increase of \$114.5 million or 10% (an 11% increase on a constant currency basis). The following table summarizes our net revenue disaggregated by segment, product and region for the six months ended December 31, 2018 compared to December 31, 2017 (in millions):

	Six Months Ended December 31,			
	2018	2017	% Change	Constant Currency*
U.S., Canada and Latin America				
Devices	\$ 358.9	\$ 331.6	8 %

Devices	\$ 307.9	\$ 291.6	6 %	8 %
Masks and other	135.8	130.7	4	7
Total Sleep and Respiratory Care	\$ 443.7	\$ 422.3	5	8
Global revenue				
Devices	\$ 666.8	\$ 623.2	7 %	8 %
Masks and other	461.9	424.9	9	10
Total Sleep and Respiratory Care	\$ 1,128.7	\$ 1,048.1	8	9
Software as a Service	110.7	76.8	44	44
Total	\$ 1,239.4	\$ 1,124.9	10	11

* Constant currency numbers exclude the impact of movements in international currencies.

Sleep and Respiratory Care

Net revenue for the six months ended December 31, 2018 was \$1,128.7 million, an increase of 8% over the prior year. Movements in international currencies against the U.S. dollar negatively impacted net revenue by approximately \$11.9 million during the six months ended December 31, 2018. Excluding the impact of currency movements, Sleep and Respiratory Care revenue for the six months ended December 31, 2018, increased 9% compared to the six months ended December 31, 2017.

For the six months ended December 31, 2018, revenue from sales of devices increased by 7% compared to the six months ended December 31, 2017, comprised of an increase of 8% in North and Latin America and an increase of 6% elsewhere (an 8% increase in constant currency terms). For the six months ended December 31, 2018, revenue from masks and other accessories increased by 9% compared to the six months ended December 31, 2017, comprised of an increase of 11% in North and Latin America and a 4% increase elsewhere (a 7% increase in constant currency terms).

Software as a Service

Revenue from our software as a service business for the six months ended December 31, 2018 was \$110.7 million, an increase of 44% over the prior year. The increase was predominantly due to our recent acquisitions of MatrixCare and HealthcareFirst, which were acquired on November 13, 2018 and July 6, 2018, respectively, and contributed \$29.3 million for the six months ended December 31, 2018.

Gross Profit

Gross profit increased for the three months ended December 31, 2018 to \$383.7 million from \$349.8 million for the three months ended December 31, 2017, an increase of \$33.9 million or 10%. Gross profit as a percentage of net revenue for the three months ended December 31, 2018 was 58.9% compared to 58.2% for the three months ended December 31, 2017.

The increase in gross margins was primarily due to manufacturing efficiencies and a favorable product mix, partially offset by declines in our average selling prices.

Gross profit increased for the six months ended December 31, 2018 to \$726.8 million from \$655.4 million for the six months ended December 31, 2017, an increase of \$71.4 million or 11%. Gross profit as a percentage of net revenue for the six months ended December 31, 2018 was 58.6% compared to 58.3% for the six months ended December 31, 2017.

The increase in gross margins was primarily due to manufacturing efficiencies and favorable product mix, partially offset by declines in our average selling prices.

RESMED INC. AND SUBSIDIARIES**Management's Discussion and Analysis of Financial Condition and Results of Operations****Selling, General and Administrative Expenses**

Selling, general and administrative expenses increased for the three months ended December 31, 2018 to \$161.6 million from \$151.8 million for the three months ended December 31, 2017, an increase of \$9.8 million or 6%. Selling, general and administrative expenses were favorably impacted by the movement of international currencies against the U.S. dollar, which decreased our expenses by approximately \$3.0 million, as reported in U.S. dollars. Excluding the impact of foreign currency movements, selling, general and administrative expenses for the three months ended December 31, 2018 increased by 8% compared to the three months ended December 31, 2017. Selling, general and administrative expenses, as a percentage of net revenue, were 24.8% for the three months ended December 31, 2018, compared to 25.2% for the three months ended December 31, 2017.

The constant currency increase in selling, general and administrative expenses was primarily due to additional expenses associated with the consolidation of recent acquisitions. Excluding the incremental selling, general and administrative expenses attributed to our recent acquisitions, selling, general and administrative expenses for the quarter increased by 4% in constant currency terms.

Selling, general and administrative expenses increased for the six months ended December 31, 2018 to \$308.9 million from \$295.7 million for the six months ended December 31, 2017 an increase of \$13.2 million or 4%. The selling, general and administrative expenses were unfavorably impacted by the movement of international currencies against the U.S. dollar, which increased our expenses by approximately \$5.5 million, as reported in U.S. dollars. Excluding the impact of foreign currency movements, selling, general and administrative expenses for the six months ended December 31, 2018 increased by 6% compared to the six months ended December 31, 2017. Selling, general and administrative expenses, as a percentage of net revenue, were 24.9% for the six months ended December 31, 2018, compared to 26.3% for the six months ended December 31, 2017.

The constant currency increase in selling, general and administrative expenses was primarily due to additional expenses associated with the consolidation of recent acquisitions. Excluding the incremental selling, general and administrative expenses attributed to our recent acquisitions, selling, general and administrative expenses for the six months ended December 31, 2018 increased by 3% in constant currency terms.

Research and Development Expenses

Research and development expenses increased for the three months ended December 31, 2018 to \$43.1 million from \$40.6 million for the three months ended December 31, 2017, an increase of \$2.5 million, or 6%. Research and development expenses were favorably impacted by the movement of international currencies against the U.S. dollar, which decreased our expenses by approximately \$1.3 million for the three months ended December 31, 2018, as reported in U.S. dollars. Excluding the impact of foreign currency movements, research and development expenses increased by 9% compared to the three months ended December 31, 2017. Research and development expenses, as a percentage of net revenue, were 6.6% for the three months ended December 31, 2018, compared to 6.8% for the three months ended December 31, 2017.

The increase in research and development expenses in constant currency terms was primarily due to additional expenses associated with the consolidation of recent acquisitions. Excluding the incremental research and development expenses attributed to our recent acquisitions, research and development expenses for the quarter decreased by 1% in constant currency terms.

Research and development expenses increased for the six months ended December 31, 2018 to \$81.9 million from \$78.1 million for the six months ended December 31, 2017, an increase of \$3.8 million or 5%. The research and development expenses were favorably impacted by the movement of international currencies against the U.S. dollar, which decreased our expenses by approximately \$3.0 million for the six months ended December 31, 2018, as reported in U.S. dollars. Excluding the impact of foreign currency movements, our research and development expenses increased by 9% compared to the six months ended December 31, 2017. Research and development expenses, as a percentage of net revenue, were 6.6% for the six months ended December 31, 2018 months ended December 31, 2017, compared to 6.9% for the six months ended December 31, 2017.

The increase in research and development expenses in constant currency terms was primarily due to additional expenses associated with the consolidation of recent acquisitions. Excluding the incremental research and development expenses attributed to our recent acquisitions, research and development expenses for the quarter increased by 2% in constant currency terms.

Amortization of Acquired Intangible Assets

Amortization of acquired intangible assets for the three months ended December 31, 2018 totaled \$15.8 million compared to \$11.3 million for the three months ended December 31, 2017. Amortization of acquired intangible assets for the six months ended December 31, 2018 totaled \$28.7 million compared to \$23.1 million for the six months ended December 31, 2017. The increase in amortization expense was attributable to our recent acquisitions, in particular MatrixCare and HealthcareFirst.

RESMED INC. AND SUBSIDIARIES**Management’s Discussion and Analysis of Financial Condition and Results of Operations****Total Other Income (Loss), Net**

Total other (loss) income, net for the three months ended December 31, 2018 was a loss of \$10.8 million compared to a loss of \$4.3 million for the three months ended December 31, 2017. The increase in loss was due primarily to a reduction in interest income of \$0.7 million for the three months ended December 31, 2018 compared to interest income of \$4.6 million for the three months ended December 31, 2017.

Total other (loss) income, net for the six months ended December 31, 2018 was a loss of \$16.1 million compared to a loss of \$8.3 million for the six months ended December 31, 2017. The increase in loss was due primarily to a reduction in interest income of \$1.6 million for the six months ended December 31, 2018 compared to interest income of \$9.4 million for the six months ended December 31, 2017. This was partially offset by lower interest expense of \$11.2 million for the six months ended December 31, 2018 compared to interest expense of \$15.2 million for the six months ended December 31, 2017.

We also recorded loss attributable to equity method investments for the three and six months ended December 31, 2018 was \$3.4 million compared to \$0.0 million for the three months and six months ended December 31, 2017. The loss relates to our recently-announced joint venture with Verily and is accounted for using the equity method, whereby we recognize our share of the joint venture’s losses.

Income Taxes

Our effective income tax rate for the three and six months ended December 31, 2018 was 14.5% and 19.0%, respectively as compared to 93.3% and 61.8% for the three and six months ended December 31, 2017.

On December 22, 2017, the SEC issued guidance under Staff Accounting Bulletin No. 118 (“SAB 118”), Income Tax Accounting Implications of the Tax Cuts and Jobs Act directing taxpayers to consider the impact of the U.S. legislation as “provisional” when it does not have the necessary information available, prepared or analyzed (including computations) in reasonable detail to complete its accounting for the change in tax law. In accordance with SAB 118, we recognized estimated income tax expense of \$138.0 million during the year ended June 30, 2018 based on our best estimate and interpretation of the U.S. legislation. During the quarter ending December 31, 2018, we recorded an additional \$1.2 million of tax expense relating to the transition tax. Effective December 31, 2018, the accounting relating to the impact of U.S. legislation is no longer considered provisional. However, further adjustments could be made to this calculation as a result of future legislation, amended tax returns, or tax examinations of the years impacted by the calculation. Our effective income tax rate was affected by the geographic mix of our earnings. Our Singapore and Malaysia operations operate under certain tax holidays and tax incentive programs that will expire in whole or in part at various dates through June 30, 2030. As a result of U.S. legislation, we treated all non-U.S. historical earnings as taxable during the year ended June 30, 2018. Therefore, future repatriation of cash held by our non-U.S. subsidiaries will generally not be subject to U.S. federal tax, if repatriated.

Finally, in connection with the audit by the Australian Taxation Office (“ATO”) for the tax years 2009 to 2013, we received Notices of Amended Assessments in March 2018. Based on these assessments, the ATO asserted that we owe \$151.7 million in additional income tax and \$38.4 million in accrued interest, of which \$75.9 million was paid in April 2018 under a payment arrangement with the ATO. At September 30, 2018, we have recorded a receivable in prepaid taxes and other non-current assets for the amount paid as we ultimately expect this will be refunded by the ATO. In June 2018, we received a notice from the ATO claiming penalties of 50% of the additional income tax that was assessed or \$75.9 million. We do not agree with the ATO’s assessments and continue to believe we are more likely than not to be successful in defending our position. We are also currently under audit by the ATO for the tax years 2014 to 2017.

Net Income and Earnings per Share

As a result of the factors above, our net income for the three months ended December 31, 2018 was \$124.6 million compared to net income of \$9.5 million for the three months ended December 31, 2017, an increase of 1208% over the three months ended December 31, 2017. Our net income for the six months ended December 31, 2018 was \$230.4 million compared to net income of \$95.7 million for the six months ended December 31, 2017, an increase of 141% over the six months ended December 31, 2017.

Our diluted earnings per share for the three months ended December 31, 2018 were \$0.86 per diluted share compared to \$0.07 for the three months ended December 31, 2017. Our diluted earnings per share for the six months ended December 31, 2018 were \$1.60 per diluted share compared to \$0.67 for the six months ended December 31, 2017.

RESMED INC. AND SUBSIDIARIES

Management's Discussion and Analysis of Financial Condition and Results of Operations

Liquidity and Capital Resources

As of December 31, 2018 and June 30, 2018, we had cash and cash equivalents of \$149.5 million and \$188.7 million, respectively. Working capital was \$627.1 million and \$554.5 million, at December 31, 2018 and June 30, 2018, respectively.

As of December 31, 2018 and June 30, 2018, our cash and cash equivalent balances held within the United States amounted to \$46.2 million and \$36.9 million, respectively. Our remaining cash and cash equivalent balances at December 31, 2018 and June 30, 2018, were \$103.3 million and \$151.8 million, respectively. Our cash and cash equivalent balances are held at highly rated financial institutions.

During the year ended June 30, 2018, as a result of U.S. legislation, we treated all non-U.S. historical earnings as taxable for U.S. federal tax purposes, which resulted in tax expense of \$125.5 million. During the quarter ended December 31, 2018, we recorded \$1.2 million of additional tax expense, which will be added to the \$125.5 million previously accrued and paid over the next seven years. Therefore, future repatriation of cash held by our non-U.S. subsidiaries will generally not be subject to U.S. federal tax if repatriated. As we evaluate the impact of U.S. tax legislation and the future cash needs of our global operations, we may revise the amount of foreign earnings considered to be permanently reinvested outside the United States.

Inventories at December 31, 2018 were \$296.5 million, an increase of \$27.8 million or 10% from the June 30, 2018 balance of \$268.7 million. The increase in inventories was required to support our revenue growth.

Accounts receivable at December 31, 2018 were \$477.2 million, a decrease of \$6.5 million or 1% compared to the June 30, 2018, balance of \$483.7 million. Accounts receivable days outstanding of 66 days at December 31, 2018, were lower than the 69 days at June 30, 2018. Our allowance for doubtful accounts as a percentage of total accounts receivable at December 31, 2018, was 5.0%, compared to 3.8% at June 30, 2018.

During the six months ended December 31, 2018, we generated cash of \$177.6 million from operations compared to \$226.5 million for the six months ended December 31, 2017. The lower level of cash generated from operations during the six months ended December 31, 2018, was primarily due to the increase in income tax payments which increased to \$192.5 million during the six months ended December 31, 2018 from \$51.5 million during the six months ended December 31, 2017, partially offset by an improvement in working capital management. Movements in foreign currency exchange rates during these six months ended December 31, 2018, had the effect of decreasing our cash and cash equivalents by \$5.4 million, as reported in U.S. dollars. During the six months ended December 31, 2018, we also repurchased 200,000 shares of our common stock at an aggregate purchase price of \$22.8 million under our share repurchase program compared to 100,000 shares of our common stock at an aggregate purchase price of \$8.5 million during the six months ended December 31, 2017. During the three months ended December 31, 2018 we suspended our share repurchase program due to recent acquisitions. Accordingly, we did not repurchase any shares during this period. In addition, during the six months ended December 31, 2018 and 2017, we paid dividends to holders of our common stock totaling \$105.6 million and \$99.6 million, respectively.

Capital expenditures for the six months ended December 31, 2018 and 2017, amounted to \$31.4 million and \$32.0 million, respectively. The capital expenditures for the six months ended December 31, 2018, primarily reflected investment in computer hardware and software, production tooling, equipment and machinery, and rental and loan equipment. At December 31, 2018, our balance sheet reflects net property, plant and equipment of \$381.5 million compared to \$386.6 million at June 30, 2018.

Contractual Obligations

Details of contractual obligations at December 31, 2018, are as follows (in thousands):

In \$000's	Total	Payments Due by December 31,					
		2019	2020	2021	2022	2023	Thereafter
Debt	1,201,404	12,000	12,404	12,000	12,000	1,153,000	-
Interest on debt	166,417	37,562	39,458	39,228	39,010	11,159	-
Operating leases	79,955	21,099	16,731	11,738	7,915	6,595	15,877
Capital leases	59	56	3	-	-	-	-
Purchase obligations	299,920	298,058	1,862	-	-	-	-
Total	\$ 1,747,755	\$ 368,775	\$ 70,458	\$ 62,966	\$ 58,925	\$ 1,170,754	\$ 15,877

Details of other commercial commitments at December 31, 2018, are as follows (in thousands):

In \$000's	Total	Amount of Commitment Expiration Per Period					
		2019	2020	2021	2022	2023	Thereafter
Standby letter of credit	\$ 10,531	\$ 3,619	\$ 134	\$ -	\$ -	\$ -	\$ 6,778
Guarantees*	7,917	44	140	1,254	18	17	6,444
Total	\$ 18,448	\$ 3,663	\$ 274	\$ 1,254	\$ 18	\$ 17	\$ 13,222

* The above guarantees mainly relate to requirements under contractual obligations with insurance companies transacting with our German subsidiaries and guarantees provided under our facility leasing obligations.

RESMED INC. AND SUBSIDIARIES**Management’s Discussion and Analysis of Financial Condition and Results of Operations****Credit Facility**

On April 17, 2018, we entered into an amended and restated credit agreement (the “Revolving Credit Agreement”), as borrower, with lenders MUFG Union Bank, N.A., as administrative agent, joint lead arranger, joint book runner, swing line lender and letter of credit issuer, and Westpac Banking Corporation, as syndication agent, joint lead arranger and joint book runner. The Amended and Restated Credit Agreement, among other things, provided a senior unsecured revolving credit facility of \$800.0 million, with an uncommitted option to increase the revolving credit facility by an additional \$300.0 million.

Additionally, on April 17, 2018, ResMed Limited entered into a Syndicated Facility Agreement (the “Term Credit Agreement”), as borrower, with lenders MUFG Union Bank, N.A., as administrative agent, joint lead arranger and joint book runner, and Westpac Banking Corporation, as syndication agent, joint lead arranger and joint book runner. The Term Credit Agreement, among other things, provides ResMed Limited a senior unsecured term credit facility of \$200.0 million.

On November 5, 2018, we entered into a first amendment to the Revolving Credit Agreement to, among other things, increase the size of our senior unsecured revolving credit facility from \$800.0 million to \$1.6 billion, with an uncommitted option to increase the revolving credit facility by an additional \$300.0 million.

Our obligations under the Revolving Credit Agreement are guaranteed by certain of our direct and indirect U.S. subsidiaries, and ResMed Limited’s obligations under the Term Credit Agreement are guaranteed by us and certain of our direct and indirect U.S. subsidiaries. The Revolving Credit Agreement and Term Credit Agreement contain customary covenants, including, in each case, a financial covenant that requires that we maintain a maximum leverage ratio of funded debt to EBITDA (as defined in the Revolving Credit Agreement and Term Credit Agreement, as applicable). The entire principal amounts of the revolving credit facility and term credit facility, and, in each case, any accrued but unpaid interest may be declared immediately due and payable if an event of default occurs, as defined in the Revolving Credit Agreement and the Term Credit Agreement, as applicable. Events of default under the Revolving Credit Agreement and the Term Credit Agreement include, in each case, failure to make payments when due, the occurrence of a default in the performance of any covenants in the respective agreements or related documents, or certain changes of control of us, or the respective guarantors of the obligations borrowed under the Revolving Credit Agreement and Term Credit Agreement.

The Revolving Credit Agreement and Term Credit Agreement each terminate on April 17, 2023, when all unpaid principal and interest under the loans must be repaid. Amounts borrowed under the Term Credit Agreement will also amortize on a semi-annual basis, with a \$6.0 million principal payment required on each such semi-annual amortization date. The outstanding principal amounts will bear interest at a rate equal to LIBOR plus 0.75% to 1.50% (depending on the then-applicable leverage ratio) or the Base Rate (as defined in the Revolving Credit Agreement and the Term Credit Agreement, as applicable) plus 0.0% to 0.50% (depending on the then-applicable leverage ratio). At December 31, 2018, the interest rate that was being charged on the outstanding principal amounts was 3.3%. An applicable commitment fee of 0.100% to 0.175% (depending on the then-applicable leverage ratio) applies on the unused portion of the revolving credit facility. At December 31, 2018, we were in compliance with our debt covenants and there was \$1,197.5 million outstanding under the Revolving Credit Agreement and Term Credit Agreement. We expect to satisfy all of our liquidity and long-term debt requirements through a combination of cash on hand, cash generated from operations and debt facilities.

Common Stock

Since the inception of our share repurchase programs and through December 31, 2018, we have repurchased a total of 41.8 million shares for an aggregate of \$1.6 billion. During the three months ended September 30, 2018, we repurchased 200,000 shares at an aggregate purchase price of \$22.8 million under our share repurchase program. During the three months ended December 31, 2018 we have temporarily suspended our share repurchase program due to recent acquisitions. Accordingly, we did not repurchase any shares during this period. Shares that are repurchased are classified as treasury stock pending future use and reduce the number of shares outstanding used in calculating earnings per share. There is no expiration date for this program, and the program may be accelerated, suspended, delayed or discontinued at any time at the discretion of our board of directors. At December 31, 2018, 12.9 million additional shares can be repurchased under the approved share repurchase program.

Critical Accounting Principles and Estimates

The preparation of financial statements in conformity with U.S. GAAP requires us to make estimates and judgments that affect our reported amounts of assets and liabilities, revenues and expenses and related disclosures of contingent assets and liabilities. On an ongoing basis we evaluate our estimates, including those related to allowance for doubtful accounts, inventory reserves, warranty obligations, goodwill, potentially impaired assets, intangible assets, income taxes and contingencies.

We state these accounting policies in the notes to the financial statements and at relevant sections in this discussion and analysis. The estimates are based on the information that is currently available to us and on various other assumptions that we believe to be reasonable under the circumstances. Actual results could vary from those estimates under different assumptions or conditions.

Recently Issued Accounting Pronouncements

See note 1 to the unaudited condensed consolidated financial statements for a description of recently issued accounting pronouncements, including the expected dates of adoption and estimated effects on our results of operations, financial positions and cash flows.

Off-Balance Sheet Arrangements

As of December 31, 2018, we are not involved in any significant off-balance sheet arrangements, as defined in Item 303(a)(4)(ii) of Regulation S-K promulgated by the SEC.

RESMED INC. AND SUBSIDIARIES

Quantitative and Qualitative Disclosures About Market Risk

Foreign Currency Market Risk

Our reporting currency is the U.S. dollar, although the financial statements of our non-U.S. subsidiaries are maintained in their respective local currencies. We transact business in various foreign currencies, including a number of major European currencies as well as the Australian and Singapore dollar. We have significant foreign currency exposure through our Australian and Singapore manufacturing activities and our international sales operations. We have established a foreign currency hedging program using purchased currency options and forward contracts to hedge foreign-currency-denominated financial assets, liabilities and manufacturing cash flows. The goal of this hedging program is to economically manage the financial impact of foreign currency exposures predominantly denominated in euros, Australian dollars and Singapore dollars. Under this program, increases or decreases in our foreign-currency-denominated financial assets, liabilities, and firm commitments are partially offset by gains and losses on the hedging instruments. We do not enter into financial instruments for trading or speculative purposes. The foreign currency derivatives portfolio is recorded in the condensed consolidated balance sheets at fair value and included in other assets or other liabilities. All movements in the fair value of the foreign currency derivatives are recorded within other income, net, on our condensed consolidated statements of income.

The table below provides information (in U.S. dollars) on our significant foreign-currency-denominated balances by legal entity functional currency as of December 31, 2018 (in thousands):

	U.S. Dollar (USD)	Euro (EUR)	Canadian Dollar (CAD)	Chinese Yuan (CNY)
AUD Functional:

Ave. contractual exchange rate	USD 1 = CAD 1.3148		USD 1 = CAD 1.3148		

Interest Rate Risk

We are exposed to risk associated with changes in interest rates affecting the return on our cash and cash equivalents and debt. At December 31, 2018, we held cash and cash equivalents of \$149.5 million principally comprised of bank term deposits and at-call accounts and are invested at both short-term fixed interest rates and variable interest rates. At December 31, 2018, there was \$1,197.5 million outstanding under the revolving credit facility, which was subject to variable interest rates. A hypothetical 10% change in interest rates during the three months ended December 31, 2018, would not have had a material impact on pretax income. We have no interest rate hedging agreements.

RESMED INC. AND SUBSIDIARIES**Controls and Procedures**

We maintain disclosure controls and procedures that are designed to provide reasonable assurance that information required to be disclosed in our reports made pursuant to the Securities Exchange Act of 1934, as amended (the “Exchange Act”), is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms and that information is accumulated and communicated to our management, including our chief executive officer and chief financial officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and in reaching a reasonable level of assurance management necessarily was required to apply its judgment in evaluating the cost benefit relationship of possible controls and procedures.

As required by Rule 13a-15(b) of the Exchange Act, we carried out an evaluation, under the supervision and with the participation of our management, including our chief executive officer and chief financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report. Based on the foregoing, our chief executive officer and chief financial officer concluded that our disclosure controls and procedures were effective at the reasonable assurance level as of December 31, 2018.

There has been no change in our internal control over financial reporting during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

RESMED INC. AND SUBSIDIARIES**Item 1 Legal Proceedings**

We are involved in various legal proceedings, claims, investigations and litigation that arise in the ordinary course of our business. We investigate these matters as they arise, and accrue estimates for resolution of legal and other contingencies in accordance with Statement of Financial Accounting Standard No. 5. See note 13 to the unaudited condensed consolidated financial statements included in this Quarterly Report on Form 10-Q.

Litigation is inherently uncertain. Accordingly, we cannot predict with certainty the outcome of these matters. But we do not expect the outcome of these matters to have a material adverse effect on our consolidated financial statements when taken as a whole.

Fisher & Paykel Healthcare patent litigation. ResMed and Fisher & Paykel Healthcare are engaged in patent disputes in several global forums. ResMed and Fisher & Paykel have also filed proceedings in patent offices in the United States, Germany and Europe to invalidate many of the patents being asserted against that party.

Court cases related to the disputes are now pending in the United States (two cases filed August 2016 and August 2018, respectively in the Southern District of California—both cases have been stayed by the court), New Zealand (filed August 2016 in the High Court of New Zealand), Germany (filed on various dates in 2016 and 2017 in the District Court in Munich), and Australia (filed December 2017 in the Federal Court in Victoria).

In August and September 2018 each of ResMed and Fisher & Paykel filed petitions in the United States International Trade Commission seeking exclusion of allegedly infringing products by the other. ResMed is seeking exclusion of Fisher & Paykel's Simplus, Eson and Eson 2 masks; Fisher & Paykel is seeking exclusion of ResMed's P10 masks. The hearing for ResMed's case against Fisher & Paykel is currently set for May 1, 2019, and the scheduled date for a decision by the International Trade Commission is currently set for March 4, 2020. The hearing for Fisher & Paykel's case against ResMed is currently set for June 24, 2019, and the scheduled date for a decision by the International Trade Commission is currently set for February 12, 2020. The schedules in both cases may be affected by the recent government shutdown so the dates may change.

On October 18, 2018, the district court in Germany issued a judgment of infringement against headgear used on Fisher & Paykel's Simplus and Eson 2 masks. The court entered an injunction against further sale of that product effective November 8, 2018. ResMed's trial against Fisher & Paykel's infringement of ResMed's modular technology patent by Simplus, Eson and Eson 2 is set for April 18, 2019. Other cases will be set for trial in Germany on various dates in 2019 and 2020 to be determined. The opening portion of the Australian trial against ResMed is set for April 23, 2019 (with the closing portion to be set on a later date to be determined) and the New Zealand trial against Fisher & Paykel is set for July 8, 2019.

We believe that the claims we are asserting against Fisher & Paykel are strong, and that we have strong defenses to the claims Fisher & Paykel is asserting against us. However, the claims asserted against us could cause us to incur significant expenses and, if successfully asserted against us, could require that we pay substantial damages or ongoing royalty payments, prevent us from selling certain of our products, or require that we comply with other unfavorable terms. We may also be obligated to pay substantial settlement costs, including royalty payments, in connection with these claims or litigation and to obtain licenses or modify products, which could be costly. Even if we were to prevail in these disputes, litigation regarding our intellectual property could be costly and time consuming and divert the attention of our management and key personnel from our business operations.

Administrative subpoenas. In 2016, we received federal administrative subpoenas from the Office of Inspector General of the U.S. Department of Health and Human Services. The subpoenas requested documents and other materials related primarily to industry offerings of patient resupply software to home medical equipment providers, discounted sales and leasing to sleep labs, samples, and other promotional programs. In addition, the government has informally requested information about our leasing arrangements with customers. In August 2018, we received a third subpoena, requesting documents and other materials relating to diagnostic devices and masks provided to medical providers, and diagnostic auto-scoring functions. We are cooperating with the government's requests for documents and information. Responding to these investigations can consume substantial time and resources and can divert management's attention from the business. Additionally, as a result of these investigations, healthcare providers and entities may face litigation or have to agree to settlements that can include monetary penalties and onerous compliance and reporting requirements as part of a consent decree or corporate integrity agreement. Any such investigation or settlement could increase our costs or otherwise have an adverse effect on our business. If our operations are found to violate federal law or regulations, we may be subject to penalties, including civil and criminal penalties, damages, fines, disgorgement, exclusion from governmental health care programs, and the curtailment or restructuring of our operations, any of which could adversely affect our ability to operate our business and our financial results.

Item 1A Risk Factors

The discussion of our business and operations should be read together with the risk factors discussed below and contained in our annual report on Form 10-K for the fiscal year ended June 30, 2018 which was filed with the SEC and describe the various risks and uncertainties to which we are or may become subject. As of December 31, 2018, there have been no further material changes to such risk factors except as discussed below.

RESMED INC. AND SUBSIDIARIES

We have made certain assumptions relating to our recent acquisitions that may prove to be materially inaccurate. We have made certain assumptions relating to our recent acquisitions, including of MatrixCare, such as:

- projections of each acquired company's future revenue;
- the amount of goodwill and intangibles that will result from our acquisitions;
- acquisition costs, including transaction, contingent consideration and integration costs; and
- other financial and strategic rationales and risks of the acquisitions.

While management has made such assumptions in good faith and believes them to be reasonable, the assumptions may turn out to be materially inaccurate, including for reasons beyond our control. If these assumptions are incorrect we may change or modify our assumptions, and such change or modification could have a material adverse effect on our financial condition or results of operations.

Prior to our recent acquisitions, those companies were privately-held, and their new obligations of being a part of a public company may require significant resources and management attention. Upon consummation of our recent acquisitions, the acquired entities became subsidiaries of our consolidated company, and need to comply with the Sarbanes-Oxley Act of 2002 and the rules and regulations subsequently implemented by the SEC and the Public Company Accounting Oversight Board. We will need to ensure that each of the acquired companies establishes and maintains effective disclosure controls as well as internal controls and procedures for financial reporting, and such compliance efforts may be costly and may divert the attention of management.

Item 2 Unregistered Sales of Equity Securities and Use of Proceeds

Purchases of equity securities. On February 21, 2014, our board of directors approved our current share repurchase program, authorizing us to acquire up to an aggregate of 20.0 million shares of our common stock. The program allows us to repurchase shares of our common stock from time to time for cash in the open market, or in negotiated or block transactions, as market and business conditions warrant and subject to applicable legal requirements. There is no expiration date for this program, and the program may be accelerated, suspended, delayed or discontinued at any time at the discretion of our board of directors. All share repurchases after February 21, 2014 have been executed under this program.

We temporarily suspended our share repurchase program due to recent acquisitions. As a result, we did not repurchase any shares during the three months ended December 31, 2018. However, there is no expiration date for this program, and we may, at any time, elect to resume the share repurchase program as the circumstances allow. Since the inception of the share buyback programs, we have repurchased 41.8 million shares at a total cost of \$1.6 billion.

RESMED INC. AND SUBSIDIARIES
CERTIFICATION OF CHIEF EXECUTIVE OFFICER
Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002

I, Michael J. Farrell, certify that:

1. I have reviewed this quarterly report on Form 10-Q of ResMed Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal controls over financial reporting, or caused such internal controls over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
